

## **Donald J. Trump Republican Nomination Acceptance Speech**

Friends, delegates and fellow Americans: I humbly and gratefully accept your nomination for the presidency of the United States.

Who would have believed that when we started this journey on June 16th of last year we – and I say “we” because we are a team – would have received almost 14 million votes, the most in the history of the Republican Party, and that the Republican Party would get 60 percent more votes than it received four years ago. The Democrats, on the other hand, received almost 20 percent fewer votes than they got eight years ago. <sup>1</sup>

Together, we will lead our party back to the White House, and we will lead our country back to safety, prosperity, and peace. <sup>2 3 4</sup>

We will be a country of generosity and warmth. But we will also be a country of law and order.

Our Convention occurs at a moment of crisis for our nation. The attacks on our police, and the terrorism in our cities, threaten our very way of life. Any politician who does not grasp this danger is not fit to lead our country. <sup>5 6 7</sup>  
<sup>8 9</sup>

Americans watching this address tonight have seen the recent images of violence in our streets and the chaos in our communities. <sup>10 11</sup>

Many have witnessed this violence personally, some have even been its victims. <sup>12</sup>

I have a message for all of you: the crime and violence that today afflicts our nation will soon come to an end. Beginning on January 20<sup>th</sup> 2017, safety will be restored. <sup>13 14</sup>

The most basic duty of government is to defend the lives of its own citizens. Any government that fails to do so is a government unworthy to lead. <sup>15</sup>

It is finally time for a straightforward assessment of the state of our nation.

I will present the facts plainly and honestly.

We cannot afford to be so politically correct anymore. <sup>16 17 18</sup>

So if you want to hear the corporate spin, the carefully-crafted lies, and the media myths—the Democrats are holding their convention next week.

But here, at our convention, there will be no lies. We will honor the American people with the truth, and nothing else.

These are the facts:

Decades of progress made in bringing down crime are now being reversed

One such border-crosser was released and made his way to Nebraska. There, he ended the life of an innocent young girl named Sarah Root. She was 21 years-old, and was killed the day after graduating from college with a 4.0 Grade Point Average. Her killer was then released a second time, and he is now a fugitive from the law. <sup>42 43 44 45</sup>

Americans are on food stamps. <sup>62 63 64 65 66</sup>

Now let us consider the state of affairs abroad.

Not only have our citizens endured domestic disaster, but they have lived through one international humiliation after another.

We all remember the images of our sailors being forced to their knees by their Iranian captors at gunpoint. <sup>67</sup>

This was just prior to the signing of the Iran deal, which gave back to Iran 150 billion dollars and gave us nothing – it will go down in history as one of the worst deals ever negotiated. <sup>68 69 70 71 72</sup>

Another humiliation came when president Obama drew a red line in Syria – and the whole world knew it meant nothing. <sup>73 74 75</sup>

In Libya, our consulate – the symbol of American prestige around the globe – was brought down in flames. <sup>76 77</sup>

America is far less safe – and the world is far less stable – than when Obama made the decision to put Hillary Clinton in charge of America’s foreign policy. I am certain it is a decision he truly regrets. <sup>78 79</sup>

Her bad instincts and her bad judgement – something pointed out by Bernie Sanders – are what caused so many of the disasters unfolding today. <sup>80 81</sup>

Let’s review the record.

In 2009, pre-Hillary, ISIS was not even on the map. Libya was stable. Egypt was peaceful. Iraq was seeing a reduction in violence. Iran was being choked by sanctions. Syria was under control.

After four years of Hillary Clinton, what do we have?

ISIS has spread across the region, and the world. <sup>82 83 84</sup>

Libya is in ruins, and our Ambassador and his staff were left helpless to die at the hands of savage killers. <sup>85 86 87 88</sup>

Egypt was turned over to the radical Muslim brotherhood, forcing the military to retake control. <sup>89 90</sup>

Iraq is in chaos. <sup>91</sup>

Iran is on the path to nuclear weapons. <sup>92 93</sup>

Syria is engulfed in a civil war and a refugee crisis that now threatens the West. <sup>94 95 96</sup>

After fifteen years of wars in the Middle East, after trillions of dollars spent and thousands of lives lost, the situation is worse than it has ever been before. <sup>97 98 99 100</sup>

This is the legacy of Hillary Clinton: death, destruction, terrorism and weakness. <sup>101 102 103</sup>

But Hillary Clinton's legacy does not have to be America's legacy.

The problems we face now – poverty and violence at home, war and destruction abroad – will last only as long as we continue relying on the same politicians who created them. <sup>104 105 106 107</sup>

A change in leadership is required to produce a change in outcomes.

Tonight, I will share with you my plan of action for America.

The most important difference between our plan and that of our opponents, is that our plan will put America First.

Americanism, not globalism, will be our credo.

As long as we are led by politicians who will not put America First, then we can be assured that other nations will not treat America with respect.

This will all change when I take office.

The American People will come first once again.

My plan will begin with safety at home – which means safe neighborhoods, secure borders, and protection from terrorism. There can be no prosperity without law and order.

On the economy, I will outline reforms to add millions of new jobs and trillions in new wealth that can be used to rebuild America.

A number of these reforms that I will outline tonight will be opposed by some of our nation's most powerful special interests.

That is because these interests have rigged our political and economic system for their exclusive benefit. <sup>108 109 110</sup>

Big business, elite media and major donors are lining up behind the campaign of my opponent because they know she will keep our rigged system in place. <sup>111 112 113</sup>

They are throwing money at her because they have total control over everything she does.

She is their puppet, and they pull the strings.

That is why Hillary Clinton's message is that things will never change.

My message is that things have to change – and they have to change right now.

Every day I wake up determined to deliver a better life for the people all across this nation that have been ignored, neglected and abandoned.

I have visited the laid-off factory workers, and the communities crushed by our horrible and unfair trade deals. <sup>114 115 116</sup>

These are the forgotten men and women of our country. People who work hard but no longer have a voice. <sup>117 118</sup>

I AM YOUR VOICE.

I have embraced crying mothers who have lost their children because our politicians put their personal agendas before the national good.

I have no patience for injustice, no tolerance for government incompetence, no sympathy for leaders who fail their citizens. <sup>119 120</sup>

When innocent people suffer, because our political system lacks the will, or the courage, or the basic decency to enforce our laws – or worse still, has sold out to some corporate lobbyist for cash – I am not able to look the

And when a Secretary of State illegally stores her emails on a private server, deletes 33,000 of them so the authorities can't see her crime, puts our country at risk, lies about it in every different form and faces no consequence – I know that corruption has reached a level like never before. <sup>121 122 123 124 125 126 127 128 129 130 131 132</sup>

I have joined the political arena so that the powerful can no longer beat up on people who cannot defend themselves.

Nobody knows the system better than me, which is why I alone can fix it. I have seen firsthand how the system is rigged against our citizens, just like it was rigged against Bernie Sanders – he never had a chance. But his supporters will join our movement, because we will fix his biggest issue: trade deals that strip our country of its jobs and wealth. <sup>145 146 147</sup>

Millions of Democrats will join our movement, because we are going to fix the system so it works fairly, and justly, for each and every American.

In this cause, I am proud to have at my side the next Vice President of the United States: Governor Mike Pence of Indiana.

We will bring the same economic success to America that Mike brought to Indiana. <sup>148 149</sup>

He is a man of character and accomplishment. He is the right man for the job.

The first task for our new Administration will be to liberate our citizens from the crime and terrorism and lawlessness that threatens their communities.

America was shocked to its core when our police officers in Dallas were so brutally executed. <sup>150 151 152</sup>

Law officers have been shot or killed in recent days in Georgia, Missouri, Wisconsin, Kansas, Michigan and Tennessee. <sup>155 156 157 158 159 160</sup>

The irresponsible rhetoric of our President, who has used the pulpit of the presidency to divide us by race and color, has made America a more dangerous environment for everyone.

To make life safe for all our citizens, we must also address the growing threats we face from outside the country: we are going to defeat the barbarians of ISIS. <sup>169</sup>

To protect us from terrorism, we need to focus on three things.

We must have the best intelligence-gathering operation in the world.

We must abandon the failed policy of nation-building and regime change that Hillary Clinton pushed in Iraq, Libya, Egypt and Syria. Recently I have said that NATO was obsolete, because it did not properly cover terror, and also, that many of the member countries were not paying their fair share. As usual, the United States has been picking up the cost.

184

Shortly thereafter, it was announced that NATO will be setting up a new program in order to combat terrorism -- a true step in the right direction. 185

Lastly, we must immediately suspend immigration from any nation that has been compromised by terrorism until such time as proven vetting mechanisms have been put in place. 186 187 188

My opponent has called for a radical 550% increase in Syrian refugees on top of existing massive refugee flows coming into our country under President Obama. She proposes this despite the fact that there's no way to screen these refugees in order to find out who they are or where they come from. 189 190 191 192

I only want to admit individuals into our country who will support our values and love our people. Anyone who endorses violence, hatred or oppression is not welcome in our country and never will be.

Decades of record immigration have produced lower wages and higher unemployment for our citizens, especially for African-American and Latino

We are going to have an immigration system that works, but one that works for the American people.

On Monday, we heard from three parents whose children were killed by illegal immigrants—Mary Ann Mendoza, Sabine Durden, and Jamiel Shaw. <sup>198</sup>

They are just three brave representatives of many thousands who have suffered so gravely.

Of all my travels in this country, nothing has affected me more deeply than the time I have spent with the mothers and fathers who have lost their children to violence spilling across our border. <sup>199 200</sup>

These families have no special interests to represent them.

There are no demonstrators to protest on their behalf.

Where was the Sanctuary for all the other Americans who have been so brutally murdered, and who have suffered so horribly?

finally receive the respect they deserve. <sup>211 212</sup>

Tonight, I want every American whose demands for immigration security have been denied – and every politician who has denied them – to listen very closely to the words am about to say.

On January 20th of 2017, the day I take the oath of office, Americans will finally wake up in a country where the laws of the United States are enforced.

We are going to be considerate and compassionate to everyone. But my greatest compassion will be for our own struggling citizens.

My plan is the exact opposite of the radical and dangerous immigration policy of Hillary Clinton. <sup>213</sup>

Americans want relief from uncontrolled immigration. Communities want relief. Yet Hillary Clinton is proposing mass amnesty, mass immigration, and mass lawlessness. <sup>214 215 216</sup>

Her plan will overwhelm your schools and hospitals, further reduce your jobs and wages, and make it harder for recent immigrants to escape from poverty and join the middle class.

I have a different vision for our workers.

It begins with a new, fair trade policy that protects our jobs and stands up to countries that cheat.

It's been a signature message of my campaign from day one, and it will be a signature feature of my presidency from the moment I take the oath of office. <sup>217</sup>

America has lost nearly one-third of its manufacturing jobs since 1997, following the enactment of disastrous trade deals supported by Bill and Hillary Clinton. <sup>219 220</sup>

as 2 trillion dollars a year, and we will end it. <sup>256 257</sup>

We are going to lift the restrictions on the production of American energy.

This will produce more than 20 trillion dollars in job-creating economic activity over the next four decades. <sup>258 259</sup>

My opponent, on the other hand, wants to put the great miners and steel workers of our country out of work – that will never happen when I am President. <sup>260</sup>

With these new economic policies, trillions of dollars will start flowing into our country. <sup>261 262</sup>

This new wealth will improve the quality of life for all Americans.

We will build the roads, highways, bridges, tunnels, airports, and the railways of tomorrow. This, in turn, will create millions more jobs.

We will rescue kids from failing schools by helping their parents send them to a safe school of their choice.

My opponent would rather protect bureaucrats than serve American children.

We will repeal and replace disastrous Obamacare. You will be able to

choose your own doctor again. 263 264 265 266

And we will fix TSA at the airports!

We're going to work with all of our students who are drowning in debt to take the pressure off these young people just starting out their adult lives.

We will completely rebuild our depleted military, and the countries that we are protecting, at a massive cost to us, will be asked to pay their fair share.

267 268 269

We will take care of our great Veterans like they have never been taken care of before. My just-released Ten Point Plan has received tremendous veteran support. We will guarantee those who serve this country will be able to visit the doctor or hospital of their choice. My opponent dismissed the VA scandal – one more sign of how out of touch she really is. 270 271

272 273 274

We are going to ask every Department Head in government to provide a list of wasteful spending projects that we can eliminate in my first 100 days. The politicians have talked about it, I'm going to do it.

We are also going to appoint justices to the United States Supreme Court who will uphold our laws and our Constitution. <sup>275</sup>

The replacement of our beloved Justice Scalia will be a person of similar views, principles, and judicial philosophy. This will be one of the most important issues decided by this election.

My opponent wants to essentially abolish the 2<sup>nd</sup> amendment. I, on the other hand, received the early and strong endorsement of the National Rifle Association and will protect the right of all Americans to keep their families safe. <sup>276 277 278</sup>

At this moment, I would like to thank the evangelical and religious community in general who have been so good to me and so supportive. You have much to contribute to our politics, yet our laws prevent you from speaking your minds from your own pulpits. <sup>279</sup>

An amendment, pushed by Lyndon Johnson, many years ago, threatens religious institutions with a loss of their tax-exempt status if they openly advocate their political views. I am going to work very hard to repeal that language and protect free speech for all Americans. <sup>280</sup>

We can accomplish these great things, and so much more – all we need to do is start believing in ourselves and in our country again. <sup>281</sup>

It is time to show the whole world that America Is Back – bigger, and better and stronger than ever before.

In this journey, I'm so lucky to have at my side my wife Melania and my wonderful children, Don, Ivanka, Eric, Tiffany, and Barron: you will always be my greatest source of pride and joy.

My Dad, Fred Trump, was the smartest and hardest working man I ever knew.

I wonder sometimes what he'd say if he were here to see this tonight.

It's because of him that I learned, from my youngest age, to respect the dignity of work and the dignity of working people. He was a guy most comfortable in the company of bricklayers, carpenters, and electricians and I have a lot of that in me also.

Then there's my mother, Mary. She was strong, but also warm and fair-minded. She was a truly great mother. She was also one of the most honest and charitable people I have ever known, and a great judge of character.

To my sisters Mary Anne and Elizabeth, my brother Robert and my late brother Fred, I will always give you my love—you are most special to me.

I have had a truly great life in business.

But now, my sole and exclusive mission is to go to work for our country – to go to work for you.

It's time to deliver a victory for the American people.

But to do that, we must break free from the petty politics of the past.

America is a nation of believers, dreamers, and strivers that is being led by a group of censors, critics, and cynics.

Remember: all of the people telling you that you can't have the country you want, are the same people telling you that I wouldn't be standing here tonight.

No longer can we rely on those same people in the media, and politics, who will say anything to keep a rigged system in place.

Instead, we must choose to Believe In America.

History is watching us now. It's waiting to see if we will rise to the

occasion, and if we will show the whole world that America is still free and independent and strong.

I'm asking for your support tonight so that I can be your champion in the White House.

My opponent asks her supporters to recite a three-word loyalty pledge. It reads: "I'm With Her".<sup>282</sup>

I choose to recite a different pledge.

My pledge reads: "I'M WITH YOU – THE AMERICAN PEOPLE."

I am your voice.

So to every parent who dreams for their child, and every child who dreams for their future, I say these words to you tonight:

I'm with you, I will fight for you, and I will win for you.

To all Americans tonight, in all of our cities and in all of our towns, I make this promise:

We Will Make America Strong Again.

We Will Make America Proud Again.

We Will Make America Safe Again.

And We Will Make America Great Again.

God bless You And Good Night.
